

Dear colleagues!

The department of Agrochemistry and Soil Sciences of Lviv National Environmental University invites You to participate in International Scientific Conference: "**SOILS, SUSTAINABLE DEVELOPMENT AND UKRAINIAN SOIL SCIENCE**", which will be held simultaneously online and face-to-face.

April 25, 2023

Inclusion program and regulations

The organizers are Hnativ Petro, Gulko Bohdan and Haskevych Oksana

Time of obligatory inclusion of the speaker, hour and minute				Speaker	The topic of your speech is desirable for the organizers
Missouri, Jefferson City	London	Warszawa, Bucharest, Bratislava	Kyiv		
I section (regulations 15 min)					
1	2	3	4	5	5
		10:00	11:00	Snitynskyy V. – rector LNEU, Hulko B., Balkovskyy V., Hnativ P.	Opening.
			11:15	Miroshnychenko Mykola	To see soil in time and space
			11:30	Krasiekha Yerofei	History of soil expeditions in Ukraine and Eurasia
			11:45	Shevchuk Mykhailo	The state and prospects for the use of drained lands of the Shatsk community
		10:45	12:00	Jonczak Jerzy	In situ charcoal production in historic times as a factor of soil heterogeneity in fluvioglacial landscape
			12:15	Topolnyi Fedir	Burozems of Podillia, which were described but not named by H. Andrushchenko
			12:30	Coffee break	
II section (regulations 15 min)					
			12:40	Pankiv Zinovii	Diagnostic signs of soil-forming processes in profile-differentiated soils of Peredcarpattia
			12:55	Truskavetskyi Roman	Diagnostic and optimization models of the main elements of soil fertility
			13:10	Zaviriukha Petro	Hryhoriy Andrushchenko – an organizer of soil science education and science
			13:25	Chernobay Juriy	Geosystem paradigm in the Lviv soil science school
			13:40	Hamkalo Zenon	Hryhoriy Andrushchenko's heritage is still relevant today
			13:55	Coffee break	

1	2	3	4	5	5
III section (regulations 10 min)					
			14:05	Pozniak Stepan	Lviv school of genetic soil science: status and prospects
			14:15	Nikorych Volodymyr	Development of mountain soil science and soil-forming factors
			14:25	Vovk Oksana	The question of soil formation in the floodplains of the Carpathian lowlands in the scientific works of H. O. Andrushchenko
			14:35	Kachmar Oksana	Perennial soil stationary plots and their historical significance for science
			14:45	Orlov Oleg	Soil standards in the soil protection system on the example of the Ukrainian Carpathians
			14:55	Coffee break	
Missouri, Jefferson City	London	Warszawa, Bucharest, Bratislava	Kyiv	IV section (regulations 15 min)	
07:15	13:15	14:15	15:15	Snitynsky V. – rector LNEU, Hulko B., Balkovskyy V., Hnativ P.	Opening
			15:30	Dmytruk Yuriy	Welcome speech of the president of Ukrainian Society of Soil Scientists and Agrochemists
			15:45	Hnativ Petro	Hryhoryy Andrushchenko – life path and Ukrainian soil science
		15:00	16:00	Chojnicki Józef	The role of the Agricultural Academy in Dublany for the development of soil science in Poland
08:15		15:15	16:15	Kremer Robert J.	Soil health and soil science in the USA
		15:30	16:30	Szulc Wiesław	Crops that increase soil fertility and health
		15:45	16:45	Rusu Teodor, Cacovean Horea	The perspective of the evolution of Romanian soils in the context of the EU Soil Strategy for 2030: healthy soils for people, food, nature and climate
		16:00	17:00	Cherlinka Vasyl	Ecosystem functions of soils: global and in Slovak
	15:15		17:15	Dent David	Popularization of modern soil science and Environmental Studies
			17:30	Cimermanis Mārtiņš	Soil resources of Latvia and the agricultural sector
09:45	15:45	16:45	17:45	Coffee break	
Discussion of work results					

**WARNING! Interested participants who have not submitted reports and materials will receive a key for inclusion as listeners.
Acceptance of materials for inclusion in the electronic collection will be completed by April 20.
Speakers can adjust the topics of their speech.**
