Title of the report

^[1] should be filled by each participant of the conference

REQUIREMENTS TO ABSTRACT PRESENTATION

- * Only previously unpublished materials authored by scientists with scientific degrees are accepted. Postgraduate students can submit articles in co-authorship with their supervisors. No more than three articles are accepted from one author.
- * The abstracts should address a topical issue in the context of the conference theme for 2024.
- * Up to 3 full A4 pages, portrait orientation.
- * Materials should be submitted in the text editor Microsoft Word (2003) with the extension *.doc, font - Times New Roman, page format A4 (240×297 mm), margins - 2 cm each. Text font: size (point) - 14 pt; line spacing - 1, paragraph - 1 cm.
- * Tables and figures are not recommended. If necessary, present them in a separate file. Tables should have a title and number in Arabic numerals (in a line with the title). Tables in landscape format and scanned versions are not allowed. The width of tables should not exceed the width of the text. The source should be mentioned under the tables and figures.
- * Mathematical formulas are performed in the Microsoft Equation editor.
- * Graphic material is created in programs available for further editing. For figures and tables, use Times New Roman, 12-point font, line spacing - 1, black and white, legend placement - at the bottom of the figure.
- * Structure of the abstract: Problem statement. Research results. Conclusions. References.
- * The bibliographic description of literary sources should be made following Vancouver Style. References in the text presented like [1, p.53].
- * Materials that do not meet these requirements are not accepted.
- * Abstracts are not subject to additional editing, so they should be carefully checked.
- * Authors of the abstracts are responsible for the content of the submitted material and the absence of plagiarism in the abstracts!

Sample of abstract presentation:
